Identity theft is the fastest growing crime in America! If your identity is stolen, call North Carolina Farm Bureau. We've partnered with ID Experts to help you restore your life to pre-theft status. This member benefit covers everyone in your household, and the cost for this benefit is included in your annual membership dues.

How the Identity Theft Consultation and Restoration Service works:

- If you think your identity has been compromised, call 1-800-789-2565.
- If it's determined your identity has been compromised, a Personal Recovery Advocate will be assigned.
- Utilizing a Limited Power of Attorney, your personal advocate will work on your behalf to restore your identity to pre-theft status.
- Your personal advocate will remain assigned to you for as long as it takes to restore your identity to pre-theft status.
- Your case file is kept for three years in the event that additional issues arise from the original identity theft.

**This program is not designed to prevent ID theft, it is not a credit monitoring service, and it is not an insurance product.*

A 10% discount on all Grainger products. Plus deeper discounts on the manufacturer's list price on hand and power tools.

- Over 500 manufacturers and brands
- No minimum order required
- Free shipping
- Order online option
