

Strawberries on the Map

Interactive Flipbook

Materials Needed: Scissors, Glue, Pencil with eraser, and crayons or colored pencils

Instructions: Print onto cardstock or white copy paper. Print at 100% to ensure size is accurate. Each page has two copies. After printing cut down the middle with a paper cutter. Each student should receive 7 half pages

- Strawberries
- Address
- County
- State
- Country
- Continent
- Strawberries

Students will draw and write the name of each spot or place on the map that tells where they can find strawberry farms. This should be a teacher guided activity, with words spelled out for students. This activity should be used with a map and/or computer that could display different maps and locations.
