

# STRAWBERRY LIFE CYCLE MATCH

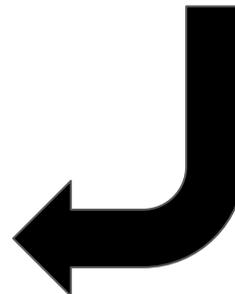

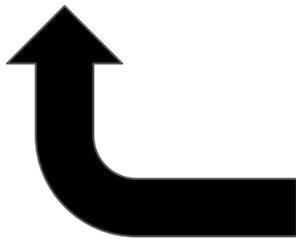

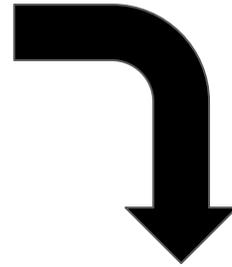

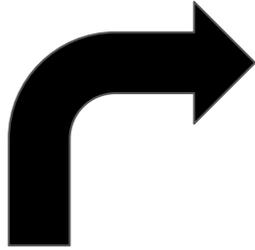

## Instructions:

- Display Strawberry Life Cycle, review it carefully with students.
- Cut out Strawberry Life Cycle Match Cards or give each student one half sheet with 6 pictures and students to carefully cut out their six strawberry matching cards.
- Give each student a blank Strawberry Life Cycle Match Sheet. Instruct students to place the cards in the order they think strawberries grow.
- Review answers with students. Then, instruct students to glue down their cards into the correct life cycle boxes. *This could be a great time to talk with students about clockwise and the directions of the hands on a clock.*

This activity can be done in small group, independently, or whole group.

Follow the Life cycle of a strawberry plant clockwise.
